2. AMENDMENT/MODIFICATION NO. 35	3. EFFECTIVE DATE 07-Jul-2011	4. REQUISITION/PURCHASE REQ. NO. 11593722, 11593724, 11593725, 11593727	5. PROJECT NO. (If applicable) N/A
6. ISSUED BY NSWC, PANAMA CITY 110 Vernon Avenue Panama City FL 32407-7001 oren.gilbert@navy.mil 850-235-4065	CODE N61331	7. ADMINISTERED BY (If other than Item 6) DCMA ORLANDO 3555 MAGUIRE BLVD. ORLANDO FL 32803-3726	CODE S1002A

8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State, and Zip Code) Innovative Professional Solutions 8317 Front Beach Road, Suite 17D2 Panama City Beach FL 32407-4804	9A. AMENDMENT OF SOLICITATION NO.
	9B. DATED (SEE ITEM 11)
	10A. MODIFICATION OF CONTRACT/ORDER NO. N00178-04-D-4068-HR02
CAGE CODE 1XZW5	FACILITY CODE
10B. DATED (SEE ITEM 13) 04-Dec-2006	

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning one (1) copy of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
SEE SECTION G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

(*)	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
<input type="checkbox"/>	
<input type="checkbox"/>	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
<input checked="" type="checkbox"/>	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF: 52.232-22 LIMITATION OF FUNDS
<input type="checkbox"/>	D. OTHER (Specify type of modification and authority)

E. IMPORTANT: Contractor is not, is required to sign this document and return ___ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

CONTRACT NO. N00178-04-D-4068	DELIVERY ORDER NO. HR02	AMENDMENT/MODIFICATION NO. 35	PAGE 2 of 2	FINAL
----------------------------------	----------------------------	----------------------------------	----------------	-------

GENERAL INFORMATION

1. The purpose of this modification is to add incremental funding in the amount of \$85,000.00 and incorporate SLINS 400326 through 400329. Accordingly, said Task Order is modified as follows:
2. Section G-Accounting and Appropriation data is updated accordingly.
3. The funding profile for CLINS 4003 is as follows:

	FROM	BY	TO
CLIN 4003 Labor	\$ 453,880.34	\$ 78,703.51	\$ 532,583.85
CLIN 4003 Fixed Fee	\$ 36,311.66	\$ 6,296.49	\$ 42,608.15
CLIN 6001 ODC	<u>\$ 29,500.00</u>	<u>\$ 0.00</u>	<u>\$ 0.00</u>
TOTAL FUNDED	\$ 519,692.00	\$ 85,000.00	\$ 575,192.00

4. As a result of above changes, the total funded amount for this task order is increased by: \$85,000.00 from: \$2,735,586.00 to \$2,819,086.00.

The Limitation of Funds Clause is in effect. This Task Order is incrementally funded and FAR Clause 52.232-22 titled "Limitation of Funds" (APR 1984) is applicable and in effect. The amount of funding, \$2,904,086.00 which includes a fixed fee of \$204,417.01 is the maximum amount reimbursable under this Task Order prior to its modification to provide additional funds. The amount of \$2,904,086.00 shall not be exceeded until this Task Order is modified to provide additional funding. This amount shall only be exceeded at the Contractor's own risk and the Government shall not be liable for costs incurred above the funded amount. The Contractor shall notify the Contracting Officer, in writing, whenever it has reason to believe that the costs it expects to incur under this contract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of the funded amount for this Task Order.

Except as provided by this modification, all terms and conditions of this Task Order remain unchanged and in full force effect.

The total value of the order is hereby unchanged at \$3,366,059.

The performance period of this Task Order from the date of award thru 06 October 2011.

EXERCISE OF OPTIONS

If the Government determines that an option will be exercised, then exercise of that option will occur prior to the end of the current contract year. See Award Term Plan in Section H.

INCREMENTAL FUNDING SCHEDULE

This task order will be incrementally funded quarterly each year. The contractor is only obligated to continue performance up to the point at which the total amount payable by the Government is equal to the funded amount. FAR clause 52.232-22 LIMITATION OF FUNDS (APR 1984) in section I of the basic contract applies to this order.

SECTION C DESCRIPTIONS AND SPECIFICATIONS

REVISED STATEMENT OF WORK FOR ENGINEERING AND TECHNICAL SUPPORT

FOR THE IN-SERVICE MINES, TARGETS, AND VEMS PROGRAM

1.0 SCOPE

This Statement of Work provides Engineering, Life Cycle and Technical Support for the In-Service Mines Program, including Service and Exercise and Training (E&T) Mines Mk 56; Mk 62, Mk 63, and Mk 65 (QUICKSTRIKE) and Mk 67 (SLMM), Versatile Exercise Mine System (VEMS), Targets and QUICKSTRIKE Mod 3. These services will be performed in support of the Mines and Ordnance Branch (A64) and Mine Systems Branch (A62) of the Mine Warfare (MIW) Fleet Support Division, Naval Surface Warfare Center Panama City (NSWC PC). The Contractor shall provide those non-personal technical services necessary to provide subject matter expert technical support and analysis and maintain engineering documentation in support of these programs. Performance of this requirement will be primarily at the NSWC PC, Panama City, Florida. These services require the contractor have an in-depth understanding of all In-Service Mines, VEMS, Targets, and QUICKSTRIKE Mod 3, the force and support structure for these systems, aircraft certification requirements for mine systems, as well as, the Mine Allowance Database (MAD) and how it is structured.

3.0 REQUIREMENTS

3.1 In-Service Mines Technical Support (OM&N Funding)

3.1.1 COMOMAG/ISEA Support. The contractor shall assist with coordination and communication with Commander, Mobile Mine Assembly Group (COMOMAG) on the In-Service Mine issues they are working or providing support to Code A64. Communication with COMOMAG will be coordinated with the Code A64 project engineer. The contractor shall assist the In-Service Project Engineer with assessment of emerging Fleet issues/requirements and providing recommendations on their resolution that are identified through these communications to ensure the best possible support to the Fleet. Review maintenance philosophy reflected in SW550-FO-PMS-010 Underwater Mine Maintenance System for current Mine systems and provide recommendations for changes, updates and revisions. Provide assistance to project engineer and COMOMAG to determine availability of assets for establishment of the Mk 52 Mod 11.

3.1.2 Mine/Aircraft Certification Support. The contractor shall provide subject matter expertise regarding the certification status and processes associated with certification of delivery of Mine systems by specific aircraft. The contractor shall assess the feasibility of certifying specific mines on various Navy and Air Force aircraft and provide guidance and recommendations for obtaining such certification.

3.1.3 Technical Data Package (TDP) Development and Update. The contractor shall review TDPs for planned hardware procurements to support the In-Service Mine systems. The TDPs will be reviewed to ensure they are complete, current and accurate. The contractor shall identify required changes to drawings and work with the project engineer to initiate the required changes. The contractor shall develop draft Engineering Change Proposals (ECPs) and Notice of Revisions (NORs) for any drawings requiring changes.

3.1.4 Technical Manual Reviews/Revisions. The contractor shall support reviews of In-Service Mine technical manuals and identify changes required to those documents. The contractor shall develop Publication Change Directives (PCDs) documenting the required publication changes and submit them to the project engineer for approval via CMPro. Contractor shall draft ECPs and necessary NORs in support of this tasking.

3.1.5 Logistics Support. The Contractor shall conduct reviews of applicable In-Service Mine logistics documentation as required. The contractor shall review mine stratification and cross-leveling reports and depot workload forecast and assist logistician with cataloguing change request for National Stock Number (NSN) and Navy Ammunition Logistics Code (NALC) assignment or revision. This effort will also include initiation of Allowance Parts List (APL) updates. The contractor shall support any changes required due to the assignment of the permanent hazardous classification for the Mk 32 Mod 1 Explosive Actuator. This effort will include all required cataloging and development and submission of NSN and NALC requests.

3.1.6 Mine Allowance Database and MARS Update. The contractor shall support changes required to the Mine

CONTRACT NO. N00178-04-D-4068	DELIVERY ORDER NO. HR02	AMENDMENT/MODIFICATION NO. 35	PAGE 22 of 46	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Automated Reporting Systems (MARS), the Mine Allowance Database (MAD) and perform regular maintenance and validations of the data within the MAD. These efforts will be coordinated with COMOMAG.

3.1.7 Assessment of Mk 32 Mod 1 Hazard Classification Test Results. The contractor shall analyze the test results from the Hazardous Classification testing conducted on the Explosive Actuator Mk 32 Mod 1, assess the impact of these results on In-Service Mine technical publications and logistics and initiate changes to all required supporting documentation. The contractor shall assess the results from the Hazardous Classification testing to determine whether additional testing must be conducted in order to obtain a permanent hazard classification for the Mk 32 Mod 1. This assessment shall be coordinated with Naval Ordnance Safety and Security Activity (NOSSA) personnel.

3.1.8 Support Fleet Hardware Issues. The Contractor shall assist with resolution of issues with in-service hardware. The contractor shall assist mine system engineer with analysis and during technical assist visits to selected Mobile Mine Assembly Units (MOMAUs) as required. Examples of support that may need to be provided in this area includes the testing of Exploders Mk 19, Mine Main Assemblies Mk 4, Actuation Counters Mk 10 and Target Detecting Devices Mk 58 to assess reasons for high failure rates with the hardware and inspections of Mk 65 Mine Cases. The contractor shall prepare ECPs, NORs and PCDs as necessary that contain instructions for corrective actions.

3.2 Targets Technical Support (OM&N Funding)

3.2.1 The Contractor shall provide Technical support to the In-Service Engineering Agent (ISEA) supporting all future Targets Systems and those currently in development. The Contractor will support development of acceptance testing procedures for new Targets Systems and design and development of containers and related dunnage for each. In support of the new Targets Systems, the Contractor shall develop draft operation, maintenance, packaging, handling, storage and shipping procedures and develop draft Engineering Change Proposals (ECPs), draft Notice of Revisions (NORs), draft Publication Change Directives (PCDs), and draft Engineering Change Instructions (ECIs). This support will also include draft updates to drawings and updating of MAD data to reflect the proper systems configuration. Format and content of the documents submitted shall be consistent with the Official Navy formats for the type of document being prepared. Specific document support requirements, to include due date and government review period, will be as identified in the Targets Integrated Product Team (IPT) and related meetings and/or the government furnished information (GFI).

3.2.2 The Contractor shall provide Technical support to the In-Service Engineering Agent (ISEA) supporting all in-service Targets Systems. This support will include providing draft updates to technical manuals, drawings, and updating of Mine Allowance Database (MAD) data to reflect the latest systems configurations. The Contractor shall develop draft operation, maintenance, packaging, handling, storage and shipping procedures and develop draft Engineering Change Proposals (ECPs), draft Notice of Revisions (NORs), draft Publication Change Directives (PCDs), and draft Engineering Change Instructions (ECIs) as required to support the in-service Targets Systems. In-depth knowledge and understanding of the various Targets Systems is required for this tasking.

3.2.3 The Contractor shall provide technical support to the Targets Program including identification of Target Systems components and sub-components and input of this information in the proper top down breakdown within the MAD. The Contractor must have a working knowledge of how the MAD database has been structured and how it is updated and utilized to perform this tasking. This tasking also requires the Contractor have an in-depth understanding of the components and sub-components of each Targets System. The Contractor will maintain, update and validate MAD data for all Targets Systems for the duration of this task. Specific documentation requirements and MAD actions required will be related to the contractor at the Targets IPT and related meetings or in GFI.

3.2.4 The Contractor shall support in-water testing of Targets as required. A proven ability and experience with the build up of Mines and/or Targets is required to adequately support this requirement.

3.2.5 The Contractor shall participate in Targets IPT and related meetings providing technical support, and to report progress status on current assigned projects. The Contractor shall provide a weekly summary of progress on activities supporting the order to the Targets Engineer by 1500 on each Wednesday throughout the period of performance. The Contractor shall also provide to the Targets Engineer a Monthly Progress Report, due not later than the 10th day of the month following the month being reported on, describing work accomplished, work planned for next period, graph showing summary of hours worked for this period and graph showing dollars expended for the period.

CONTRACT NO. N00178-04-D-4068	DELIVERY ORDER NO. HR02	AMENDMENT/MODIFICATION NO. 35	PAGE 23 of 46	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

3.3 VEMS Technical Support (O&MN and OPN Funding)

3.3.1 The Contractor shall also assist in the maintenance of a VEMS component failure database for engineering analysis, tracking the reliability and failure history of VEMS components and the system as a whole. It is expected that up to eight VEMS deployments will be performed per year from which usage and system reliability will be tracked. An updated database shall be delivered by 30 September of each fiscal year. (O&MN Funding)

3.3.2 The Contractor shall develop draft Publication Change Directives (PCDs), Engineering Change Proposals (ECPs), Notice of Revisions (NORs), Engineering Change Instructions (ECIs), and Technical Repair Standards (TRs) for the VEMS program, as required. The Contractor will also make minor updates to ILS documents (NTP, ILSP, PQS, POA&Ms, etc) as necessary. (O&MN Funding)

3.3.3 The Contractor shall assist in the continuing review/ revision of the VEM Mk 74 Mod 1 and VEM Mk 75 Mod 0 provisioning documentation (COSBAL, APL, AEL, ICAPS, etc). Comments and recommended changes will be provided in written form as appropriate on a monthly basis. (O&MN Funding)

3.3.4 The Contractor shall support VEMS program meetings and provide analysis and recommendations regarding VEMS technical and programmatic issues as they arise. This support will include the maintenance and tracking of Program progress and accomplishments via a program schedule and an action item tracking spreadsheet. (O&MN Funding)

3.3.5 The Contractor shall organize VEMS historical files for permanent storage at NSWC PC. Where acceptable and practicable, paper documents shall be converted to electronic media (CD- or DVD-ROM) to reduce storage space requirements. (O&MN Funding)

3.3.6 The Contractor shall assist with assembly, maintenance, and testing of VEMS hardware as required to support Depot-level maintenance requirements and local deployments. (OPN Funding)

3.4 QUICKSTRIKE MOD 3 Technical Support (RDT&E Funding)

3.4.1 The Contractor shall provide support for the in-water evaluation of the Target Detecting Device Mk 71 Mod 1, a key component of the QUICKSTRIKE Mod 3 Mine configuration. This support will include preparation, assembly and disassembly of QUICKSTRIKE Mk 62, Mk 63 and Mk 65 mine system hardware to be utilized during testing at the test site. Support will include participation in test planning, mine assembly prior to testing and at the test site, support at the test site, and disassembly and packing of mine assets/hardware for shipment after completion of testing. This support requires the contractor have an in-depth understanding of QUICKSTRIKE Mine Assembly, system configuration and logistics requirements. **The Contractor will also build up Mk 62, Mk 63 and Mk 65 Mod 3 mines and provide support during planned testing to validate/develop EOD render safe procedures for these weapon systems.**

3.4.2 The Contractor shall review and annotate system level drawings to identify projected tactical and training configurations for QUICKSTRIKE Mod 3 Mines and assist with development and review of hardware configuration trees. Detailed understanding of the QUICKSTRIKE Mines Mk 62, Mk 63 and Mk 65 is required to perform this tasking.

3.4.3 The Contractor shall develop assembly and disassembly procedures for Mod 3 hardware and configurations. Procedures will be documented in final draft Publication Change Directives (PCDs) to the applicable existing QUICKSTRIKE technical manuals. The contractor will support any validations or verifications of these procedures.

3.4.4 The Contractor shall assist with coordination with NAWCAD Strike Ordnance and NAWCAD to track the status of the Mod 3 flight clearance request submitted for Mines Mk 62/63 on the F/A-18 C&D, facilitate its progress where possible, and coordinate inputs required from NSWC PC to facilitate progress. The Contractor shall provide expertise and coordinate possible efforts to pursue certification of QUICKSTRIKE Mod 3 Mines on Air Force B-1, B-2B and B-52 aircraft. The Contractor shall develop POA&Ms for obtaining approval and coordinate actions required to obtain such approval, including collection of ballistics and other data required by the Air Force, planning and support for any flight testing required by the Air Force and development of any required documentation to support flight certification efforts.

CONTRACT NO. N00178-04-D-4068	DELIVERY ORDER NO. HR02	AMENDMENT/MODIFICATION NO. 35	PAGE 24 of 46	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

3.4.5 The Contractor shall assist with logistics efforts required to introduce the QUICKSTRIKE Mod 3 mine configurations to the Fleet, including, but not limited to, development of revisions to logistics documents, including the QUICKSTRIKE Mines Integrated Logistics Support Plan (ILSP) and Maintenance Plan. The contractor will also support development of training material to support Fleet training evolutions. The Contractor shall ensure the Mine Allowance Database (MAD) is updated with Mod 3 Mine configurations. This tasking requires the Contractor have in-depth knowledge of the logistics support structure for Mine systems, as well as detailed knowledge of the MAD. **The Contractor shall provide ILS management support and guidance for the QUICKSTRIKE Mod 3 program. This may include involvement in all logistics requirements for the program, updates to any/all program logistics documents, and liaison and coordination with ILS managers at PMS495 and PEO LMW. The Contractor will support the Initial Operational Capability Supportability Review (IOCSR) process as dictated by PEO LMW L.**

3.4.6 The contractor shall provide assistance in developing quality assurance (QA) management plans and procedures for the Mod 3 project to meet the requirements of NSWC PC INST 4855.3, or equivalent QA management system. The contractor shall provide support to conduct QA activities as defined in these QA management plans. The contractor shall also provide assistance in developing plans for: Project Organization, Risk Management, Configuration management, Contract Management Plan, and Team Training.

3.4.7 The Contractor shall assist in obtaining WSESRB approval of the QS MK 65 Mod 3. This will entail creating safety plans, reports, WSESRB or other Safety Review Board data packages, WSESRB presentation material, and travel to and from safety meetings. **The Contractor shall support not only development of a letter data package to be sent to the WSESRB but also all data and presentation material required for full presentation of the system to the WSESRB.**

3.5 Travel

For estimating purposes, the contractor shall plan on the following travel during the base year or award term. It is estimated that \$25,000 in direct travel will be required each year of this order for the following trips.

In-Service Mines (estimated \$18,500 total per year):

- Two trips, one person for 4 days to Corpus Christi, TX (para 3.1.1)
- Two trips, one person for 2 days to Patuxent River, MD (para 3.1.2)
- One trip, one person for 4 days to Mechanicsburg, PA (para 3.1.5)
- Two trips, one person for 6 days to Corpus Christi, TX (para 3.1.6)
- Two trips, one person for 5 days to Hawthorne, NV(para 3.1.8)
- One trip, one person for 5 days to Charleston, SC (para 3.1.8)

Targets (estimated \$1,500 total per year):

- One trip, one person for 5 days to Corpus Christi, TX (para 3.2)

VEMS (estimated \$2,000 total per year):

- One trip, one person for 5 days to Corpus Christi, TX (para 3.3)

QUICKSTRIKE MOD 3 (estimated \$3,000 total per year):

- One trip, one person for 6 days to Dam Neck, VA or San Diego, CA (para 3.4.1)
- One trip, one person for 4 days to Tinker AFB, Oklahoma (para 3.4.4)

CONTRACT NO. N00178-04-D-4068	DELIVERY ORDER NO. HR02	AMENDMENT/MODIFICATION NO. 35	PAGE 25 of 46	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

The number of trips to each destination specified above may be varied as program requirements dictate, provided that the total estimated travel cost is not exceeded. However, under no circumstances may the contractor travel to a destination other than one of those specified above without the expressed written consent of the Contracting Officer.

3.6 Materials

It is estimated that \$2500 in direct materials will be required each year of this order as follows:

In-Service Mines (estimated \$1,500 total per year):

- Paragraph 3.1.8, materials in the estimated amount of \$1,500 will be required to support resolution of Fleet hardware issues, including consumable items, test support materials, material for fabrication of prototype hardware, tools and test equipment.

Targets (estimated \$200 total per year):

- Paragraph 3.2.1, materials required (lumber, nails, screws, misc hardware) to fabricate prototype dunnage for new Targets are estimated at \$200 per year.

VEMS (estimated \$300 total per year):

- Paragraph 3.3.6, materials required to support assembly, maintenance, and testing of VEMS hardware are estimated at approximately \$300 per year. These materials may include miscellaneous consumable items, tools, etc.

QUICKSTRIKE MOD 3 (estimated \$500 total per year):

- Paragraph 3.4.1, materials required to support in-water evaluations of the Mod 3 hardware and algorithms are estimated at approximately \$500 per year. These materials may include consumables, tools, cables, and other test support materials.

4.0 GOVERNMENT FURNISHED INFORMATION

The Government will provide the Contractor with documentation as required. All government furnished information (GFI) shall be returned at the completion of this delivery order.

5.0 DELIVERABLES

All data deliveries shall be in accordance with the schedule set forth in the attached Contract Data Requirements List, DD Form 1423, Exhibit A.

NOTE: Minimum Protection Requirements for Controlled Unclassified Information: Security classification guides (OPNAVINST 5513 series) and unclassified limited documents (e.g., FOUO, Distribution Statement Controlled) are not authorized for public release and, therefore, cannot be posted on a publicly accessible webserver or transmitted over the Internet unless appropriately encrypted.

6.0 PERIOD OF PERFORMANCE

The Period of Performance for this task will be for one year from award (base year), plus up to four award term periods of one year each for a total of 5 years.

7.0 SECURITY

The highest security classification for work under this delivery order is SECRET. **Access to and generation of classified documents may be required. Receipt and storage of classified hardware may also be required.** All unclassified portions of such data and information shall be defined as sensitive information and be protected under

CONTRACT NO. N00178-04-D-4068	DELIVERY ORDER NO. HR02	AMENDMENT/MODIFICATION NO. 35	PAGE 26 of 46	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Public Law 100-235. Paragraphs 8.0 and 9.0 also apply to the protection of sensitive information regardless of the media on which it is stored.

8.0 DISTRIBUTION LIMITATION STATEMENT

Technical documents generated under this delivery order shall carry the following Distribution Limitation Statement.

DISTRIBUTION STATEMENT D: DISTRIBUTION AUTHORIZED TO DEPARTMENT OF DEFENSE (DOD) AND U.S. DOD CONTRACTORS ONLY; (ADMINISTRATIVE/OPERATIONAL USE)(DATE STATEMENT APPLIED). OTHER REQUESTS FOR THIS DOCUMENT SHALL BE REFERRED TO COMMANDER, NAVAL SEA SYSTEMS COMMAND (PEO MUW) (PMS495). (DATE STATEMENT APPLIED) OR HIGHER DOD AUTHORITY.

DESTRUCTION NOTICE – For Classified Documents, follow the procedures in DOD 5220.22-M, National Industrial Security Program Operating Manual, Chapter 5, Section 7 or DOD 5200.1-R, Information Security Program Regulation. For Unclassified, Limited Documents, destroy by any method that will prevent disclosure of contents or reconstruction of the document.

Any document or portion thereof carrying the above statement must be submitted to NSWC PC and be approved for public release prior to any public display or presentation.

9.0 RELEASE OF INFORMATION

All technical data provided to the contractor by the Government will be protected from public disclosure in accordance with the markings contained thereon. All other information relating to the items to be delivered or services to be performed under this order may not be disclosed by any means without prior approval of the authorized representative of the Contracting Officer. Dissemination if public disclosures includes, but is not limited to: permitting access of such information by foreign national or by any other person entity, publication of technical or scientific papers, advertising, or any proposed public release. The contractor shall provide adequate physical protection of such information so as to preclude access by any person or entity not authorized such access by the Government.

10.0 PERFORMANCE BASED REQUIREMENTS

This requirement is performance based. The incentive for superior performance is contained in the order (award term provisions). The government Technical POC will report the quality of performance to the PCO not later than 45 days prior to the completion of each performance period (base or option) during the order or sooner if required to correct less than satisfactory performance.

----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION D PACKAGING AND MARKING

The clauses in Section D of the Basic MAC document apply.

Place of Delivery:

All hardware shall be delivered to:

NAVAL SUPPORT ACTIVITY PANAMA CITY
ATTN: RECEIVING OFFICER
100 VERNON AVENUE
PANAMA CITY BEACH FL 32407-7018

FOB: DESTINATION

Technical data to be submitted in accordance with the DD Form(s) 1423-2.

SECTION H SPECIAL CONTRACT REQUIREMENTS

H-XX NOTIFICATION CONCERNING DETERMINATION OF SMALL BUSINESS SIZE STATUS

For the purposes of FAR clauses 52.219-6, NOTICE OF TOTAL SMALL BUSINESS SET-ASIDE, 52.219-3, NOTICE OF TOTAL HUBZONE SET-ASIDE, 52.219-18, NOTIFICATION OF COMPETITION LIMITED TO ELIGIBLE 8(A) CONCERNS, and 52.219-27 NOTICE OF TOTAL SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS SET-ASIDE, the determination of whether a small business concern is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation, and further, meets the definition of a HUBZone small business concern, a small business concern certified by the SBA for participation in the SBA's 8(a) program, or a service disabled veteran-owned small business concern, as applicable, shall be based on the status of said concern at the time of award of the SeaPort-e MACs and as further determined in accordance with Special Contract Requirement H-19.

Applicable Section H Special Contract Requirements are specified in the basic MAC document.

NAVSEA 5252.216-9122 -- LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be 12,446 (per year) total man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated that -0-man-hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man-hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

CONTRACT NO. N00178-04-D-4068	DELIVERY ORDER NO. HR02	AMENDMENT/MODIFICATION NO. 35	PAGE 43 of 46	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

$$\text{Fee Reduction} = \frac{\text{Fee (Required LOE - Expended LOE)}}{\text{Required LOE}}$$

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) require the Contractor to continue to perform the work until the total number of man-hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man-hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man-hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to 10% of the hours at an alternative worksite, provided the Contractor has a company-approved alternative work plan. The primary worksite is the traditional "main office" worksite. An alternative worksite means an employee's residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee's main office. The Government reserves the right to review the Contractor's alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor's election to implement an alternative worksite plan.

(k) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man-hours up to five percent in excess of the total man-hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

NAVSEA 5252.237-9106 SUBSTITUTION OF PERSONNEL (SEP 1990)

(a) The contractor agrees that during the first 120 days of the period of performance no key personnel substitutions will be permitted unless such substitutions are necessitated by an individual's sudden illness, death, or termination of employment. All proposed substitutions shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty-five (45) days, or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include:

- (1) An explanation of the circumstances necessitating the substitution;
- (2) A complete resume of the proposed substitute;

CONTRACT NO. N00178-04-D-4068	DELIVERY ORDER NO. HR02	AMENDMENT/MODIFICATION NO. 35	PAGE 44 of 46	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(3) The hourly rates of the incumbent and the proposed substitute; and

(4) Any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

(c) In the event a requirement to increase the specified level of effort for a designated labor category, but not the overall level of effort of the contract, occurs, the Contractor shall submit to the Contracting Officer a written request for approval to add personnel to the designated labor category. The same information as specified in paragraph (b) above is to be submitted with the request.

(d) The Contracting Officer shall evaluate requests for changes in personnel and promptly notify the Contractor, in writing, whether the request is approved or disapproved.

(e) Upon contract award, the desired qualifications as stated herein, will become minimum qualifications for any growth in Key Personnel categories beyond those individuals originally proposed. Resumes (in the format provided herein) shall be submitted to the Contracting Officer, and approved, prior to the individual being allowed to charge to the contract.

(f) Requests for post award approval of additional and/or replacement key and non-key personnel may be submitted via e-mail. E-mail submissions shall be made simultaneously to the Contract Specialist (Oren Gilbert) and the Task Order Manager (Martin Richardson). Electronic notification via e-mail from the Contract Specialist will serve as written approval/disapproval on behalf of the Contracting Officer.

CONTRACT SECURITY CLASSIFICATION SPECIFICATION

The offeror shall complete block 6 of the attached DD254 (and block 8 if applicable), and furnish a completed copy with its offer.

TECHNICAL GUIDANCE

The Task Order Manager (TOM) will provide guidance to the contractor regarding the requirements of the Statement of Work (SOW). Such guidance may be needed to prioritize work or initiate specific tasking within broad task areas. Under no circumstances may the TOM direct the contractor to perform work outside the scope of the SOW. The contractor is responsible for notifying the Contracting Officer if it believes it has received direction to perform work that is out of scope.

Technical guidance will normally occur through day-to-day verbal communication between the TOM and the contractor's program management personnel. However, written Technical Instructions may be issued at the TOM's discretion. Technical Instructions might be needed to clarify unusually complex requirements, or simply to initiate a written record of guidance that the TOM feels is particularly important. Technical Instructions will be numbered sequentially and will be in the format provided by the Contracting Officer.
